Essex Holdings supports the victims of Valparaiso fire.

28th April 2014: More than 15,000 people have been left homeless by the fire that started on April 12th and burned for more than a week in the Chilean port city of Valparaiso, killing 15 and destroying some 3,000 homes. We're talking about from 12,000 to upwards of 15,000 people made homeless.

Dr. Navin Xavier taking an active role on the matter instructed the Chilean mineral division of the company to do whatever they could to assist the people suffering from this disaster.

Essex Holdings Chile as of today has donated items such as diapers, water, sanitizer and other needed items to the victims of the Valparaiso disaster.

Essex Holdings Inc. would like to express their gratitude to all those concerned in the aid efforts.

The Editor.
